Image Look L2 · H3

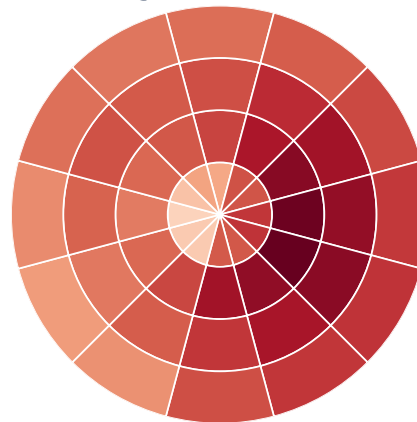

Image Look L7 · H1

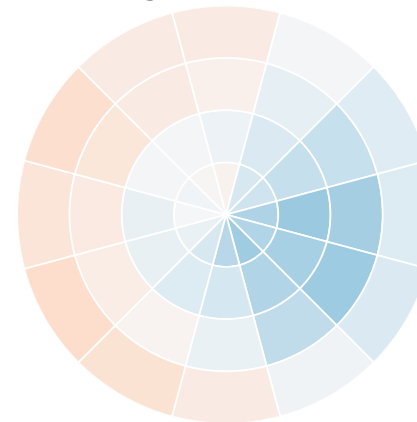

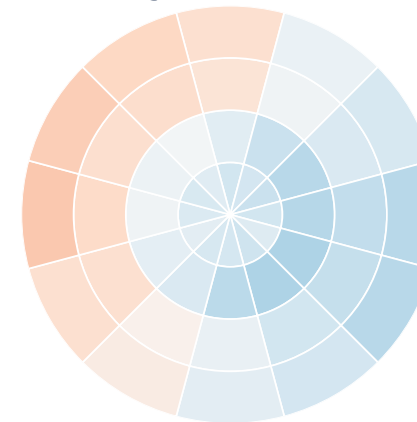

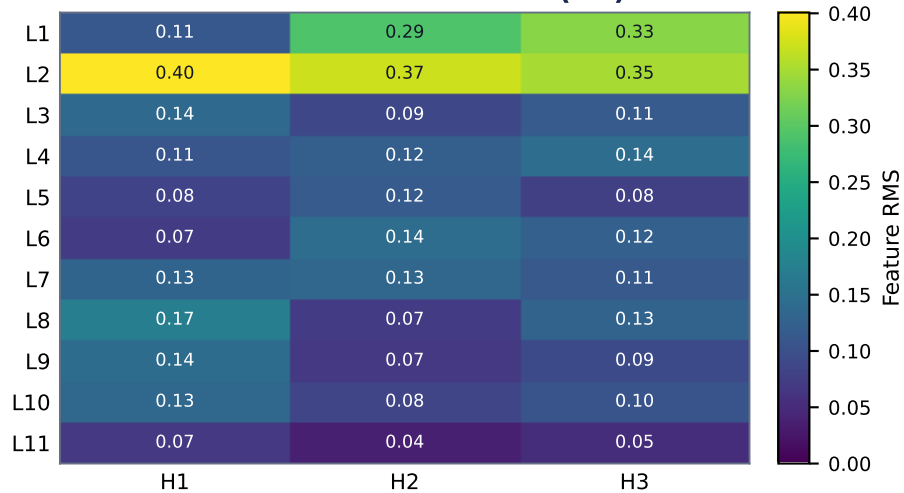

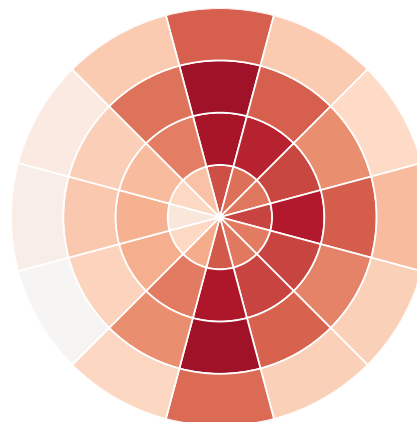

Image Look L8 · H3

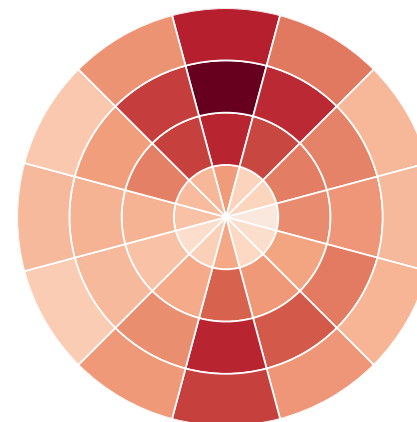

Feature Look field RMS (G3)

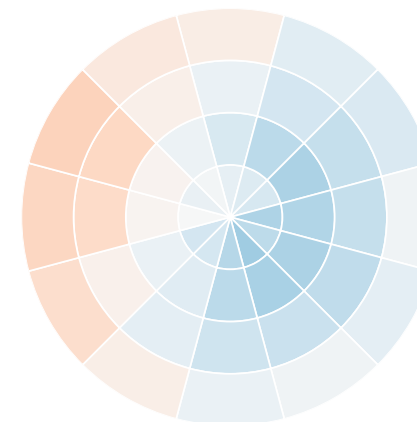

Feature Look L2 · H3

Feature Look L1 · H3

Feature Look L7 · H1

Three Image Look fields (top) and three Feature Look fields (bottom), ranked by angular contrast · blue/white/red = negative/zero/positive
Each branch uses its own shared contrast scale; every field is one layer-head map with 4 radial bins × 12 directed bins.
